**INSPECTION PROCEDURES**  
**RETAINING WALLS**  
**4 FEET IN HEIGHT OR HIGHER**

Required Inspections –

The following inspections are required for retaining walls and must be done in the order listed:

1. Footing – After excavation prior to setting any blocks
2. Drainage – After drainage has been installed and the drainpipe is installed but before the pipe is covered – filter fabric is to be in place
3. Reinforcing Grid – before covering each layer of reinforcing grid. (Usually every third tier of brick but depends on the design of the wall.)
4. Final – Complete and all disturbed areas are re-vegetated. This inspection needs to be completed prior to the expiration of the permit.

**Call 732-531-5000 Ext 353 or 348 for Inspections**
